Notice of Water Utility and Sewer Utility Rate Increases

Earlier this year the Mayor and Council passed ordinances adjusting the rates for water and sewer usage. This action was taken in order to comply with State budget requirements and to make sure the Water and Sewer utilities remain self supporting.

The changes in residential rates are as follows:

Water Fee Schedule – Rates for Quarterly Water Use

Only applies to property owners that receive municipal water

	<u>Old Rate:</u>	<u>New Rate:</u>
Minimum Charge:	\$26.13	\$27.45
6,001 – 10,000 gal.:	\$2.54	\$2.67 per thousand gallons
10,001 – 25,000 gal.	\$3.23	\$3.39 per thousand gallons
25,001 – 100,000 gal.	\$3.58	\$3.76 per thousand gallons
Over 100,000 gal.	\$5.50	\$5.78 per thousand gallons

Sewer Fee Schedule

Only applies to property owners that are hooked up to the municipal sewer system

	<u>Old Rate:</u>	<u>New Rate:</u>
Service Charge:	\$1,340 annually (\$335 due quarterly)	\$1,400 annually (\$350 due quarterly)

These rates are effective as of January 1, 2008 so ratepayers will be sent a separate bill covering the increase in the rate for the period of January through July. Bills sent out beginning in August will reflect the new rates.
