

# OAKLAND 2022 CALENDAR

**GARBAGE & RECYCLING INSERT**

## Dear Fellow Residents,

I am truly honored to be serving you as Mayor of Oakland. The Borough of Oakland is a community that holds a big part of my heart. Neighbors know neighbors, and our volunteers are the foundation of the community. Our residents and local community organizations support each other, especially in times of need. I would encourage you to browse through the Borough Calendar and become familiar with the town you call home. It is the people who reside in Oakland who have created this vibrant community by continually working together.

I know the past year has been unsettling for both residents and businesses. Together, we have met the many challenges the COVID-19 pandemic has presented, and I extend my deepest gratitude to all those who have kept our community safe. While many of our great traditions in the Borough were paused or not able to take place last year, our spirit continued on. I hope the worst of the pandemic is in our past and we all experience a brighter future.

I thank our many First Responders. The Oakland First Aid Squad, Oakland Fire Department (and Ladies' Auxiliary), Office of Emergency Management, and the Oakland Police Department – it is through your efforts and many dedicated hours that make Oakland a safe and wonderful community. The members of various Boards, Commissions, and Committees are valuable resources and continue to move Oakland in a positive direction. I invite residents that are interested in serving on a Board, Commission, or Committee to submit a Citizen Leadership Form to Borough Hall.

It is truly an exciting time in the Borough of Oakland. You will continue to see progress in upgrading and resurfacing our streets and roads. The Borough is in the process of implementing a regular water main replacement program to keep our infrastructure up-to-date. Interior Renovations are almost complete at the Van Allen House, and plans are underway to replace the Stream House with a new look-alike structure. Progress continues in Great Oak Park with the new Oakland Dog Park now open, and the Band Shell on the near horizon. Native riparian trees and underbrush were planted along our Borough waterways thanks to the Sustainable Oakland Green Team and its many volunteers, along with a new pollinator garden in Great Oak Park. In addition, plans are underway for a new riverfront park/trail system along Roosevelt Boulevard. Our residents are fortunate to have open space areas that offer public outdoor recreational activities and I encourage our residents to take advantage of these natural outdoor areas. The Borough continues to work towards long-term plans to guide revitalization to our Downtown Business District. The Borough's TV Station has received an upgrade, which has provided for better viewing quality to our residents. Residents that "cut the cord" can now watch Oakland TV on the "Local BTV App" free of charge. These projects just touch the surface and without our dedicated volunteers and administrative professionals, many of these projects would not be possible. I would also like to recognize the dedication and commitment of the Council members to our Borough throughout the year. Their efforts are greatly appreciated.

In closing I am committed to serving the residents of Oakland. We have an amazing community and I thank all of you – our residents, our volunteers, our staff. I am very proud to serve you as Mayor and my door is always open to meet with all residents.

Thank you again,

Mayor of Oakland

## **ENVIRONMENTAL COMMISSION**

**EC@oakland-nj.org**

The Oakland Environmental Commission serves as an advisory group to the Mayor and Council on environmental issues, laws, and programs.

The Oakland Environmental Commission safeguards all aspects of the Borough's environment and strives to promote the awareness and importance for the protection and preservation of wildlife habitats, wetlands, and recreation and conservation resources.

The Commission sponsors and organizes projects and other educational programs to develop awareness and knowledge that promote skills and behavior needed to maintain, protect and improve the environment.

Meetings are held on the first Tuesday of every month at 7:30 p.m. Meeting Locations will be posted to the Borough Website at [www.oakland-nj.org](http://www.oakland-nj.org).

## **IMPORTANT INFORMATION REGARDING STORMWATER MANAGEMENT**

The Borough of Oakland continues to implement projects to improve the flow of our rivers. Silt removal debris and riverbank stabilization projects on all three of our rivers help reduce the risk of flooding for our community. Funding for the work has come from both the State of New Jersey and from our municipal budget.

Several years ago, the New Jersey Department of Environmental Protection established a Municipal Stormwater Regulation Program for all municipalities within the State. The program is designed to reduce pollutants, protect water quality, and satisfy Federal and State requirements through a series of municipal ordinances and statewide basic requirements. As part of these NJDEP regulations, the Borough enacted several ordinances to control non-point source pollution. Non-point source pollution is the accumulation of various pollutants such as heavy metals, petroleum, organic sediment, animal waste and excessive fertilizers, which are exposed to rain water and washed into our nearby lakes, rivers, and streams. We have, therefore, adopted ordinances controlling the improper disposal of pet waste, feeding of wildlife, solid waste collection, littering, containerization of yard waste, and prohibiting illegal hookups to the storm sewer system. The ordinances are available at [www.oakland-nj.org](http://www.oakland-nj.org).

Yard waste placed at the street should be piled no closer than 10 feet to any catch basin or water way. If you see someone dumping waste illegally, please contact the Oakland Police Department at (201) 337-6171.

Dumpsters and refuse containers utilized on commercial properties are required to be covered at all times to eliminate rainwater contact with dumpster contents. Rainwater can transport pollutants in the dumpster to our waterways rather than a landfill where it is intended. Lids for dumpsters can be provided by the waste management company that owns the dumpster. Temporary construction dumpsters are exempt.

More information regarding how to keep our Earth and New Jersey's waterways clean may be found at our website, [www.oakland-nj.org](http://www.oakland-nj.org) or at <http://www.cleanwater.nj.org>. Topics include composting leaves, minimizing grass clippings, developing a home composting program, and how to participate in worm composting. Thank you all for your cooperation and for your efforts to help protect our environment and keep the Borough of Oakland a desirable place to live, work and raise a family.

## **FLOOD COMMISSION - [floodcomm@oakland-nj.org](mailto:floodcomm@oakland-nj.org)**

The Flood Commission consults with municipal, state, and federal agencies to pursue means of mitigating flooding within the Borough. The Flood Commission is committed to the management, care, and improvement of the Borough's waterways.

The Borough participates in the Community Rating System (CRS), a voluntary incentive program, which offers reduced insurance premiums and enhances public safety. Members of the Commission coordinate their efforts with the CRS Coordinator, Office of Emergency Management along with other departments to achieve and maintain a CRS rating. The combined efforts assisted in achieving a significant reduction in flood insurance rates for residents. Oakland is one of very limited number of communities to receive such a high rating.

The Borough also actively applies for and receives grants through the Bergen County Floodplain Acquisition Program to buyout flood prone properties in the flood zone. ***Interested in joining the Commission, contact [floodcomm@oakland-nj.org](mailto:floodcomm@oakland-nj.org).***

**OAKLAND POLICE DEPARTMENT**

295 Ramapo Valley Road, Oakland, N.J. 07436 • Emergency: 911 • Non-Emergency: (201) 337-6171 (Police Desk) • <https://Facebook.com/Borough-of-Oakland-Police-Department>

**SOLICITOR NO-KNOCK REGISTRY:**

The Borough of Oakland Police Department has established a **NO KNOCK REGISTRY** for Oakland residents. The way the registry works is that once the resident registers and has their name placed on the registry, the list is issued to every solicitor who obtains a permit. If your home is on the registry, and a solicitor rings your door bell or knocks on the door, they are violation. As a registered resident, you may call the Oakland Police at (201) 337-6171 and an Officer can respond and issue a summons for the violation as well as any other violations they might observe. The program is currently providing to be effective, therefore, if you are interested in having your name placed on the registry, visit the Police Station, call the Police Department at (201) 337-6171, or download the application on the Borough Website under the Police Department tab.

**PROJECT MEDICINE DROP:**

Pompton Lakes Police Department is now a participating location for the Project Medicine Drop initiative. Please join our effort to halt the abuse and diversion of prescription drugs. - Junior Police Academy - offers an opportunity for junior recruits to learn about law enforcement and interact with Oakland Police Officers while participating in a variety of educational and fun activities.

- Safety Town - in conjunction with the Oakland Public Schools, officers interact with and teach students entering Kindergarten a variety of topics including an introduction to the Police Department, Fire Department, and other health related activities.
- Coffee with a Cop - meet together with officers, and discuss law enforcement topics together.

**OPERATION REASSURANCE:**

The purpose of Operation Reassurance is to provide Oakland residents with an opportunity to share unique or critical information with the police department regarding themselves, a household member or a loved one. This information sharing process will allow officers and other first responders to more efficiently respond to residences and interact with individuals because they will have this important information on hand ahead of time. Information or conditions that may prove helpful to provide the police department with is if you, a household member, or a loved one has a medical condition (ex. Alzheimer's, dementia, autism spectrum disorder), a psychological disorder, physical or mental handicap, is elderly or is a senior with a mobility issue, uses oxygen in the home or other special medical necessity is in the home or used by the resident, or other issue you would like the Oakland Police Department to know about. You can also provide your contact information to the police department in case we respond to your family member's home in Oakland and need to contact you.

In order to make the Oakland Police Department aware of this important information, please fill out an Operation Reassurance form with as much information and details as possible and email it to Captain Timothy Keenan at [tkeen@oaklandpolice.us](mailto:tkeen@oaklandpolice.us). This information will be entered under your address in the police department's records management system. It will provide dispatch with an "address alert" when they send an officer to your address. The information, if applicable, will be relayed to the officer as they are responding to your house so that they can best serve you upon arrival. The details provided will be kept strictly confidential and only viewed by members of the Oakland Police Department. However, for information pertaining to senior citizens, your information may be shared with the Oakland Senior Center Director so that the Borough can contact you during a weather emergency or power outage.

### **SMOKE ALARM SAFETY TIPS AND FACTS:**

Smoke alarms are a key part of a home fire escape plan. When there is a fire, smoke spreads fast. Working smoke alarms give you early warning so you can get outside quickly.

- A closed door may slow the spread of smoke, heat and fire. Install smoke alarms in every sleeping room and outside each separate sleeping area. Install alarms on every level of the home. Install alarms in the basement. Smoke alarms should be interconnected. When one sounds, they all sound.
- Large homes may need extra smoke alarms.
- It is best to use interconnected smoke alarms. When one smoke alarm sounds they all sound.
- Test all smoke alarms at least once a month. Press the test button to be sure the alarm is working.
- Today's smoke alarms will be more technologically advanced to respond to a multitude of fire conditions, yet mitigate false alarms.
- A smoke alarm should be on the ceiling or high on a wall. Keep smoke alarms away from the kitchen to reduce false alarms. They should be at least 10 feet (3 meters) from the stove.
- People who are hard-of-hearing or deaf can use special alarms. These alarms have strobe lights and bed shakers.
- Replace all smoke alarms when they are 10 years old.

This Office is responsible for plan review, inspections, and enforcement of the Uniform Construction Code (UCC) for all residential, commercial, and industrial construction. Oakland is a Class 1 Municipality and ISO certified.

**CONSTRUCTION PERMITS:**

Frequently inquired construction projects which require permits include decks, sheds over 200 square feet or 10 feet in height, water heaters, pools, steps, oil tank removals, and electrical or plumbing work. The replacement of kitchen cabinets, bathroom sinks/vanities, and toilets do not require a construction permit. In addition, a construction permit is no longer required for residential roof replacements or residential siding replacements.

A zoning permit is required for all sheds, fences, patios, and retaining walls under four (4) feet. Zoning pre-approval as well as construction permits are required for a variety of other projects, including generators, A/C condensers, decks, additions, pools, and hot tubs.

Inspections require 24 hour notice. Homeowners should contact us for information prior to starting work.

Contact the Building Department prior to performing any work in a flood zone. If you are uncertain if your property is located in a flood zone contact the Building Department.

**MINOR PROJECTS** – are those projects that do not request prior approvals from the Zoning Board of Adjustment or Planning Board but still require permits (such as; kitchens, baths, and basements.)

**MAJOR PROJECTS** – many larger projects require prior approvals by either the Zoning Board of Adjustment, Board of Health, or Planning Board (new construction, additions, rebuilds, garages, accessory structures, decks, swimming pools, etc.).

## **FINANCE DEPARTMENT**

David Young, CMFO, Chief Financial Officer - CFO@oakland-nj.org - ext. 2014  
Debra Benigno, CTC, Tax Collector - taxcollector@oakland-nj.org - ext. 2010  
Anisa Mainiero, Accounts Payable Clerk - purchasing@oakland-nj.org - ext. 2002  
Alexander Dellatorre, Utility Billing Clerk - utilityclerk@oakland-nj.org - ext. 2013  
Tracy Saliani, Payroll Supervisor - payroll@oakland-nj.org - ext. 2015

The Finance Department is responsible for all aspects of finance within the Borough of Oakland, including tax collection, payroll, accounts payable, utility billing and collection, borrowing and repaying of debt and interest, collection of all cash receivables, budgetary accounting, and the maintenance of proper records associated with the safekeeping of Borough funds. The Borough of Oakland now accepts **online tax and utility payments**. Visit the Borough Website [www.oakland-nj.org](http://www.oakland-nj.org) for more details.

### **WATER AND SEWER REVENUE:**

Water and Sewer Bills are sent out quarterly. If you have a question or concern about your water bill, or to schedule a final water reading, contact the Finance Department at (201) 337-8111, ext. 2013.

### **ONLINE TAX AND UTILITY PAYMENTS:**

The Borough of Oakland offers **ONLINE TAX AND UTILITY PAYMENTS**. Check your account balances through the WIPP link on the Borough Website "Online Payments" Tab on the Homepage if you have delinquent payments or interest due. The Utility Payment Link will show outstanding current balances plus any balance due within the next 30 days.

Click on the WIPP link on the Borough Website Homepage to view current balances of tax and utility accounts and to find your Account I.D.

Click on the "Tax Payments" Tab to pay taxes or "Utility Payments" Tab to pay utility bill via e-check or credit card. On your first visit you will need to establish an account using an email address as a login I.D. and your tax account I.D. If you use the same login I.D., tax and utility accounts can be linked.

Tax and Sewer Utility Payments can now be made via ACH direct withdrawal from your bank account. All you need to do is download the ACH direct withdrawal agreement, provide all of the information required, and sign and return to the Borough Hall with a voided check attached. The agreement must be submitted 10 days prior to due date to allow for current period processing. Once the automatic withdrawal is setup, no further actions on your part are required to make selected payments moving forward. The automatic withdrawals will occur on the date that the payment is due. Insufficient funds will require a check payment and are subject to a \$20 fee per Borough ordinance. After the first payment cycle is complete, we will confirm successful receipt of payment. There is a \$1 charge for checking online and 2.5% for credit cards.

## **TAX COLLECTION DEPARTMENT, ext. 2009**

[taxcollector@oakland-nj.org](mailto:taxcollector@oakland-nj.org)

Debra Benigno, CTC, Tax Collector (Office Hours - Monday - Friday 8:30 a.m. - 4:30 p.m.)

The Tax Collector is responsible for mailing tax bills to all property owners in the Borough. Taxes are due four times per year; February 1st, May 1st, August 1st, and November 1st. For your convenience we have a drop box on the left hand side of the Borough Hall Front Door. Drop box is emptied at 4:00 p.m. every day and the payment is posted the same day. Any payments dropped off after 4:30 p.m. will be posted the next business day.

To avoid statutory interest, tax payments must be received in the Tax Office by the 10th day of the month when a quarter is due. If the 10th falls on a holiday or weekend, grace period will be extended to the following business day. After that, the interest is retroactive to the 1st of the month in which the payment is due. **POSTMARK IS NOT ACCEPTABLE.**

Taxes may be paid on line using the Borough's website, by postal mail or dropping check payment into mail slot located in Borough Hall. The mail slot is assessable twenty-four/seven for taxpayers to leave tax payments ~ please do not leave cash in the mail slot ~ check only.

Tax Relief program booklets (PTR-1) are available in the Tax Collector's office for eligible tax payers. Additional information is available on the State of New Jersey Division of Taxation's website - [www.state.nj.us/treasury/taxation](http://www.state.nj.us/treasury/taxation)

## DEPARTMENT OF PUBLIC WORKS

Department of Public Works, 63 Oak Street, Oakland, N.J. 07436 • Office Hours: Monday - Friday 8:30 a.m. - 4:00 p.m.

Anthony Marcucilli, Superintendent of Public Works - DPW@oakland-nj.org • Matthew Goodrich, Recycling - recycle@oakland-nj.org • Scott Ciccarella, Roads - roads@oakland-nj.org

**Oakland residents have year-round Garbage collection twice per week based on your side of town.** In the case of a holiday, pickup is skipped until the next regularly scheduled garbage collection day.

- Monday and Thursday garbage collection on the South Side (See Back Pages)
- Tuesday and Friday garbage collection on the North Side (See Back Pages)

Both sides of town have a Recyclables collection every Wednesday. **Paper/Cardboard or Commingled** (bottles, cans, containers) are collected on alternate weeks. **Please check the enclosed dates for which material goes out on a particular day.**

Residents must properly separate recyclables into two separate containers for collection or they cannot be picked up and will be left at the curb.

**Food and drink cartons can be recycled with commingled.** Our hauler accepts clean food and beverage cartons. For best recycling results, do not flatten the cartons.

Aerosol cans are not permitted in recyclables or garbage. They should be brought to the Bergen County Utilities Authority Hazardous Waste Collection. (See Borough Website for 2020 Dates and Times)

### GARBAGE COLLECTION:

Two 32-gallon garbage cans and only up to three large household items are eligible for pickup on any one collection day (such as furniture, mattresses and box springs). Do not use oversized cans or any full can weighing more than 50 pounds. Carpet/padding must be cut, rolled and tied in three-foot lengths weighing no more than 50 pounds. There is a limit of one room of carpet in any one collection.

Any excess amounts of garbage beyond these limits must wait for the next collection day. No home renovation material is allowed for curbside pickup. Please arrange for your own dumpster, contractor, or private hauling company to take away material.

Garbage and Recycling barrels must be placed at the curb prior to 5:00am on the day of your scheduled collection. Please note that it is unlawful to place garbage, recyclables, or yard waste at curbside earlier than 4:00pm prior to the day of collection. All empty barrels need to be removed from the curb before 9:00pm on collection day. Please retrieve your empty cans from curbside as soon as possible.

All Oakland garbage and recycling curbside collections are for residential homes only. No commercial businesses get picked up. Every attempt is made to collect garbage and recyclables during inclement weather, although severe weather conditions may delay or cancel collections.

### HOLIDAYS:

There are no collections of garbage, recycling, metal/appliance or yard waste on the following holidays: New Year's Day, Memorial Day, 4th of July, Labor Day, Thanksgiving, and Christmas.

### RECYCLE COACH APP:

For residents looking to reduce their household waste and become better recyclers, you can access the **Recycle Coach** platform from your desktop computer, mobile device, or through digital assistants like Alexa or Google Home. **Recycle Coach** makes it easy to get free information for thousands of household items. Become recycling experts with a comprehensive "What Goes Where?" search tool for common and uncommon items, and help increase the Borough of Oakland's recycling rates and decrease contamination in our recycling stream. Download the **Recycle Coach** App for free at the iTunes Store or Google Play.

### RECYCLING BARRELS FOR SALE:

The Oakland Department of Public Works at 63 Oak Street sells the blue 32-gallon Recycling Barrel with lid for residents. Please bring cash in the exact dollar amount or check to the Department of Public Works, 63 Oak Street, Oakland, N.J. 07436. No credit cards are accepted. Recyclable material must be separated from garbage as per NJ State law since 1987.

**If a street light is out**, notify the Oakland Police Department at non-emergency number (201) 337-6171.

**Do not idle your vehicle** more than three minutes. Motor vehicles are a leading contributor to air pollution.

Please use reusable bags when shopping. Less plastic bags used will help the environment.

Plant trees to remove pollution from the atmosphere, improving air quality and human health. Trees lower surface and air temperatures by providing shade. Carefully positioned trees can reduce a household's energy consumption for heating and cooling.

## DUAL STREAM RECYCLING:

Recyclable materials should be placed in a blue recycling barrel so materials can be easily identified and distinguished from regular garbage. Please use the lid to keep moisture out of the paper/cardboard. Do not use any type or color of plastic bags to hold Paper/Cardboard or Commingled. Plastic bags contaminate the recycling load and cannot be recycled in Oakland's curbside collection. Recyclables placed in plastic bags will be left at the curb.

The Oakland Department of Public Works at 63 Oak Street sells the blue 32-gallon Recycling Barrel with lid. Please bring cash in the exact dollar amount or check. No credit cards are accepted. Recyclable material must be separated from garbage at the source as per NJ State law since 1987.

Recyclable material placed at the curb is Borough of Oakland property. Notify the Oakland Police Department at 201-337-6171 if you see anyone other than our regular garbage hauler removing recyclables.

For questions on Recycling, contact the Borough's Recycling Coordinator Matthew Goodrich at (201) 337-8104 or email at [recycle@oakland-nj.org](mailto:recycle@oakland-nj.org).

Department of Public Works, 63 Oak Street, Oakland, N.J. 07436 • Office Hours: Monday - Friday 8:30 a.m. - 4:00 p.m.

### YARD AND VEGETATIVE WASTE:

**Yard waste** is collected every **Monday or Tuesday depending on your side of town**. If Monday is your garbage collection, Tuesday is your yard waste pickup. If Friday is your garbage collection, Monday is your yard waste pickup. **If your yard waste pickup falls on Memorial Day or Labor Day holiday, there is a makeup collection the next day (Tuesday).**

This service begins Monday, April 11, 2022 or Tuesday, April 12, 2022 and ends Monday, December 12, 2022 or Tuesday, December 13, 2022. There is no yard waste collection during the winter months. Yard waste is never permitted in the household garbage collection. Do not put any yard waste in plastic bags.

**Yard waste should be placed at the curb in open containers no larger than 32 gallons in size or in paper leaf bags. The barrels cannot weigh more than 50 pounds. No large green/orange landscaper barrels or large wheeled barrels allowed. Small paper grocery bags or plastic bags of any kind or color are prohibited. Yard waste in plastic bags must be left at the curb, not collected. The compost facility is not open to the public. All collections are done curbside from residential homes. No commercial properties.**

Leaves and grass may be placed together in the same container. Sticks, brush, and branches should be bundled and tied together, not exceeding 4 inches in diameter or 4 feet in length. **The bundles may not exceed 50 pounds.** Branches can also be put in a garbage can if not sticking out the top or overweight. Pumpkins can be put in the yard waste collection. Trees, logs, stumps or machined wood (2x4's etc.) are not eligible for pickup. Please make your own arrangements for disposal of these large and heavy items.

Help reduce the cost of yard waste disposal by using a mulching mower instead of bagging your grass clippings.

Grass clippings on the ground are reabsorbed and provide vital nutrients and moisture to your lawn. The Borough of Oakland is **selling Backyard Compost Bins for \$60.00**. You may purchase during normal business hours, 8:30 a.m. - 4:00 p.m. at the DPW Building, 63 Oak Street, Oakland, NJ at the Front Counter, or may arrange for delivery to your home by contacting the DPW at (201) 337-8104, ext. 3002. Once your form of payment is received, the composter bin will be delivered.

**Christmas trees are collected from curbside on a random basis during the entire month of January. Remove any plastic bag, lights, decorations or tree stand from the tree before putting out to the curb for the DPW to collect.**

**Tree Removal Permit:** Call the Oakland Shade Tree Commission at 201-337-8104 ext. 3022. They will come out to your property and inspect the tree or trees before you can be issued a permit.

### RESIDENTIAL PAPER SHREDDING:

Residential Paper Shredding event to see your confidential documents and files shredded securely on site. Commercial and business documents are not accepted. A Saturday in May or June 2022 at 9:00am-1:00pm in Borough Hall parking lot (rain or shine). **Date has not yet been set. Check Borough website for update.** Items not accepted are hardcover books, magazines, newspapers, photographs, binders, x-rays, plastic or non paper materials.

### HOUSEHOLD BATTERY COLLECTION:

Recyclable batteries only are accepted in collection boxes at the D.P.W. building and in Borough Hall. This collection is for residents only (no businesses). Alkaline batteries are not considered hazardous waste and are safe to dispose in regular garbage pickup. Specifically, small rechargeable and non-alkaline batteries are 8 recyclable. Examples include nickel cadmium (Ni-Cd), small sealed lead, nickel zinc (Ni-Zn), nickel metal hydride (Ni-MH), silver oxide, and button cell. Rechargeable batteries may be found in cordless power tools, remotes, cell phones, laptops, digital cameras, two-way radios, camcorders, remote control toys, etc. **Residents must separately bag or tape the ends of each individual battery to prevent a short circuit and fire in transport.** Plastic bags are available on the collection boxes to place individual batteries safely. Large batteries (car, motorcycle, boat etc.) are not accepted. Most auto parts stores or gas stations accept them for recycling.

### ADDITIONAL ITEMS:

**Textile/clothing bins are located behind Borough Hall.** All types of clean, dry textiles are accepted: clothing, shoes, sheets, blankets, curtains, towels, small stuffed animals, etc. Please do not leave items outside of the bins.

**Hazardous Waste:** For collection dates, locations, or questions, contact the Bergen County Hazardous Waste Hotline at 201-807-5825 or online at [www.bcu.org](http://www.bcu.org). This program is free to Bergen County residents. Proof of residency is required. Businesses must pre-register prior to attending collection events and pay a disposal fee.

**Paint:** Oil based paint is considered a hazardous material and should be brought to the BCUA hazardous waste collections sites in liquid form. Latex or water-based paint in solid form is not hazardous. You may dry out water-based paint with kitty litter or speedy dry until it is no longer pourable (solidified). Keep the lid off and place in a plastic bag to safely dispose in the regular garbage collection. Paint cans are not recyclable.

### RECYCLING IS THE LAW:

Recycling is the law for all residents, schools, municipalities and businesses. No one is exempt. By reducing, reusing, and recycling waste generated at home, you can help the Borough control expenses.

All establishments must ensure that a recycling system is in place. You are responsible, not your trash hauler, for separating all recycling materials from the garbage. Please do your part to reduce the amount of trash you put to the curb. Recycling involves the re-processing of old and used materials into new or reusable products. Recycling is good for the environment and every ton recycled saves Oakland money. Recycling is easy and convenient. Non-recyclable trash that makes its way into recyclables creates serious quality control issues and negatively affects the economics of recycling and is undoubtedly one of the biggest challenges facing recycling today.

For specific recycling questions or concerns, please contact the **Recycling Department at (201) 337-8104 ext. 3007** or send an email to [recycle@oakland-nj.org](mailto:recycle@oakland-nj.org), or call the **Department of Public Works at (201) 337-8104 ext. 3001 or 3002 between 8:30 a.m. - 4:00 p.m. Monday-Friday.**

**THANK YOU FOR YOUR COOPERATION IN MAKING OAKLAND'S RECYCLING PROGRAM  
A CONTINUED SUCCESS.**

## SCAM ALERTS FROM OAKLAND POLICE

Recently, there have been a number of scams occurring in the area. The Oakland Police Department would like to inform and educate the residents on how to handle them. The following information is to help you identify these scams before you become a victim.

### The Grandparent Scam:

In this scam, a caller identifies him/her as a grandchild, a family member, or a friend. Usually, the caller says the target's grandchild was traveling in a foreign country and has gotten into a bad situation, like being arrested for drugs, involved in an accident, or was mugged and needs money ASAP. The caller directs the target of this scam to send money via a variety of means to help their grandchild get out of trouble.

### The IRS Impersonation Scam:

A caller claims to be an employee of the IRS, but they are not. These con artists sound very convincing. They use fake names and I.D. numbers. They know about their targets and have the ability to alter the caller I.D. to make it look like the IRS is actually calling you. The victim is told that they owe money to the IRS and it must be paid immediately or they face arrest, deportation, or suspension of business or driver's license. They attempt to have the victim pay through a preloaded debit card or wire transfer, which are almost impossible to trace.

### The Medicare Program for Shut-in and Elderly Scam:

In this scam, an elderly or shut-in person receives a call about a new Medicare Program for Shut-in and Elderly. The person says they will arrange for a "qualified team" to come out and talk to the person about the program. They attempt to gather personal information such as credit card information, social security numbers, Medicare numbers, and/or banking information. They then use that information to attempt to file false claims with Medicare for services that were not provided.

### The Jury Duty Scam:

What happens in this scam is that the victim receives a call from people that claim to be U.S. Marshalls, court officers, or law enforcement officers trying to collect a fine in place of being arrested for failing to report to jury duty. You should know that these above named agencies DO NOT collect fines over the phone for failure to appear for jury duty or any other offense. In an effort to sound more "official", they use the names of actual federal judges and courthouse addresses.

### Package Delivery Scam:

You receive a call or an email from someone claiming to be your mail carrier or a parcel delivery service saying that they were unable to deliver a package to your home. If you don't remember ordering anything that needs to be delivered, the caller tries to convince you the package is a gift from a friend or relative. The caller may sound friendly, making this scam harder to spot. The email messages also look legitimate - showing official logos. However, things get suspicious quickly. The caller will ask you to verify personal information or give them your credit card number to reschedule a delivery. Email messages may ask you to click on a tracking link for your mystery package. When you click, you may download malware onto your computer to give them passwords & info.

## **FIRE SAFETY FACTS FROM OAKLAND FIRE DEPARTMENT**

Home structure fires caused 93% of the civilian fire deaths and 87% of the civilian fire injuries. Homes include one and two family homes, apartments, town houses, and manufactured homes. **Cooking is the leading cause of home fires and fire injuries.** Unattended cooking is the leading factor contributing to those fires. Frying is the leading type of activity associated with cooking fires. **Smoking has been the leading cause of home deaths for decades.** More than two-thirds (68%) of the home smoking material fire fatalities resulted from fires originating with furniture, mattresses, or bedding. Flammability standards and decreases in smoking have helped reduce these deaths, but the "fire safe" cigarette will prevent many more. Canada and the United States have passed legislation requiring cigarettes to be "fire safe". **Candles have the fourth leading cause of home fire injuries.** These fires nearly tripled from the 1990's. Candles used for light in absence of electrical power caused 1/3 of those fatalities. **Electrical distribution or lighting equipment was the fourth leading cause of home fires.** A study by the consumer product safety commission found that homes with older wiring face increased risk of electrical wiring fire. Electrical factors can play a role in any fire involving equipment powered by electricity. Electrical failures were factors in 13% of home fires. **Intentional fires are the third leading cause of home fires.**
