

Bill Inquiry Instructions

Instructions:

Kindly provide a picture of your water meter to utilityclerk@oakland-nj.org

This will help determine 1 of 3 things:

1. The water usage is accurate.
2. The read entered into the system was incorrect.
3. There is a leak/ running water.

If there is an excessive amount of water running through the meter, I will advise you to contact DPW to check the property for leaks and/or running water. **Also, you can contact DPW, at any time, at 201-337-8103, Press 5, and you will be directed to the DPW secretaries.**

How to Locate Your Water Meter:

Water meters are located in the basement, utility closet, or crawl space of the property. The water meter will be located at the lowest part of the basement. ***Example of a water meter is below***

If you have any questions please reach out to me Mon. – Fri. 8:30 A.M. to 4:30 P.M.

Thank You Kindly,

Alexander Della Torre
