CBD-II AHO	Central Business District II Affordable Housing Overlay Zone.

- C. §59-46B. Zoning Map is and shall be amended to include and depict the following two zones:

If an affordable housing obligation is more than 0.5 dwelling units, the calculation shall be rounded up to the next whole integer. If less than 0.5 dwelling units, the calculation may be rounded down to the next whole integer.

Section 2

- A. §59-53.1A Central Business District I Affordable Housing Overlay (CBD-I AHO) Zone.
Permitted uses for this zone include each of the following:

1. All principal permitted uses and accessory uses for the underlying zone are allowed.

2. Each and every use prohibited in the Central Business Zone I is also prohibited in the Central Business District-I Affordable Housing Overlay Zone.
3. Inclusionary housing developments on upper floors only as a principal permitted use. Residential use on the ground or first floor of any property in the CBD-I AHO Zone is a prohibited use. Inclusionary housing development is a permitted principal use only within the second and third floors.
4. Each inclusionary housing development shall provide Council on Affordable Housing or Court credit-worthy affordable housing dwelling units on-site. Payments in lieu of constructing affordable units does not increase the amount of affordable housing in Oakland and is therefore not a permitted development option in this zone. In specific situations the Borough will accept a payment in lieu of constructing affordable housing, but only in those circumstances when a developer's affordable housing obligation is a fractional requirement of less than 0.5 affordable units. If the obligation includes a fraction greater than 0.5, the obligation will be rounded up and an additional affordable housing unit will be required.
5. Schedule of Limiting Lot and Yard sizes and Bulk Principal Building and Use as adopted for the CBD-I zone is hereby adopted without change or revision for the CBD-1 AHO zone.
6. The affordable housing units generated by this zone shall comply in all respects with the requirements and conditions contained within the Settlement Agreement between Oakland and Fair Share Housing Center I.T.M. Bo. BER-L-6359-15, all relevant Orders of the Honorable Christine A. Farrington, J.S.C., the Oakland Affordable Housing Ordinance and all applicable New Jersey requirements pertaining to the operation of privately developed affordable housing.
7. Permitted residential density shall not exceed eighteen (18) dwelling units per acre.
8. All residential parking shall comply with the New Jersey Residential Site Improvement Standards. Pursuant to N.J.A.C.5:21-4.14(e), when housing is included in mix-use development, a shared parking approach to the provision of parking shall be permitted. Furthermore, if applicants can demonstrate there is sufficient overnight on-street parking in proximity to their site, applicants can apply those available spaces to their development on a non-exclusive basis.

Section 3

- A. §59-53.2A Central Business District II Affordable Housing Overlay (CBD-II AHO) Zone.
Permitted uses for this zone include each of the following:
 1. All principal permitted uses, accessory uses and conditional uses for the underlying zone are allowed.
 2. Each and every use prohibited in the Central Business Zone II is also prohibited in the Central Business District-II Affordable Housing Overlay Zone.
 3. Inclusionary housing developments on upper floors only as a principal permitted use. Residential use on the ground or first floor of any property in the CBD-I AHO Zone is a prohibited use. Inclusionary housing development is a permitted principal use only within the second and third floors.

Payments in lieu of constructing affordable units does not increase the amount of affordable housing in Oakland and is therefore not a permitted option in this zone. In specific situations the Borough will accept a payment in lieu of constructing affordable housing, but only in those circumstances when a developer's affordable housing obligation is a fractional requirement of less than 0.5 affordable units. If the obligation includes a fraction greater than 0.5, the obligation will be rounded up and an additional affordable housing unit will be required.
