1. Ten Eyck—1 Mohawk Avenue, Block 1502, Lot 15. Public hearing for a front yard setback and steep slope variance to build a new dwelling on an undersized corner lot.

Chairman Lepre announced that this application will be carried to the September 10, 2019 public hearing with no further notice. He informed the Board that this will be the third adjournment for this application.

Members conducted a site inspection. Ms. Campanelli reported that the property, Block 1002, Lot 11, is located in the RA-1 Residential zone where traffic is light. Chairman Lepre reviewed the comments from the various departments.
The applicant is seeking a 35-foot front yard setback where 50-feet is required.

Mr. Richard and Jean Worst were sworn in and explained that they are seeking a front yard variance to install an above ground pool measuring 15’ X 24’ and 54” in height. A discussion ensued concerning the property being a corner lot with 3 fronts surrounded by 3 roadways. Mr. Chadwick questioned the distance of the pool from a structure. No further questions, Chairman Lepre entertained a motion to open the meeting to the public.

Mr. Steven Schepis, Esq., representing the applicant, approached the Board. He informed the Board that he did reach out to the neighboring school and would agree to plant additional landscaping. Chairman Lepre expressed that he would like to see the applicant scale back on what they are proposing. He stated that he is uncomfortable with the size of the lot and what is being proposed for it. The uncertainty of the number of vehicles being parked at the site and vehicles being staggered at different locations. A discussion ensued concerning changes to the site plan that were not provided to the Board ahead of time.

Ms. Gurney informed Chairman Lepre that there were only 4 eligible voters for the application. A discussion ensued concerning the need for 5 votes in the affirmative to approve the application. Chairman Lepre announced that the applicant would need to carry again to ensure he has the votes. Ms. Sedarat suggested to the attorney and the applicant that it may be a good idea if they bifurcate their application. They can begin with approval for the use and if they receive approval,
they can come back with their site plan application. It will probably be more economical for the applicant. Mr. Lydon added that they deemed the application complete in May and will need an extension of time, at least until September 30th. Mr. Schepis agreed that he would file for the extension.
