NOTES:

- ¹ For the schedule pertaining to shopping centers, see Section 59-66. For the schedule pertaining to nursing homes, see Section 59-65.
- ² For additional regulations as to front yard depth in residential zones, see Section 59-60, Setbacks.
- ³ In the B-2 Zone, buildings shall be set back from the street on which the lot fronts and from an adjoining side street a distance equal to the average setback in the block front, but in no case less than ten (10) feet from the curblin. In addition, on a corner lot the triangular area at the intersection of the street right-of-way lines and a straight line joining the same from points fifteen (15) feet distance from their intersection shall be clear and unobstructed.
- ⁴ A minimum of zero feet, if attached to an adjacent building or a minimum of ten (10) feet if not attached to an adjacent building.
- ⁵ A minimum of two (2) acres per lot, subject to the condition that in any tract in this district no more than twenty-five percent (25%) of the area of said tract shall be divided into plots having a minimum of two (2) acres per plot, and no more than twenty-five percent (25%) of the area of said tract shall be divided into plots having a minimum of three (3) acres per plot. The remainder of the tract shall be divided into plots having a minimum area of more than five (5) acres per plot.

- ⁶ Two hundred (200) feet frontage is required with no minimum lot width or depth requirements.
- ⁷ See Section 59-66.2.
- ⁸ Minimum lot width at street frontage is twenty-five (25) feet, with a minimum lot width at the front yard setback of sixty-five (65) feet.
- ⁹ Zone average lot size – one hundred thousand (100,000) square feet.
- ¹⁰ Minimum lot width – one hundred fifty (150) square feet if frontage limited only to cul-de-sac bulb.
- ¹¹ A side yard of twenty (20) feet is required for corner lots as per Schedule A, footnote #2.
